

# EP Testimonials

Dear Sandra

I just wanted to ask you to please pass on our biggest thankyou's to the entire team for their day at Freshwater Christian College today. My only change if we booked them again would be to ask for school to book for 2 days!! A comment by a senior student at the end "They were really good but they were so humble" And the only negative comment was "Shame we couldn't have fitted in something for the younger kids too" I was also at the workshop at Good Shepherd on Thursday night and just wanted to say what an awesome job the team did fronting up for a Praise and worship workshop and concert when our church had just been through the funeral of a dear brother (husband and father of 4 kids) They were so sensitive in how they recognised what we had gone through and still enabled us all to "put on the garment of praise for the spirit of heaviness". The choice of songs that night was just so obviously God-Chosen. Thank you again for a wonderful ministry. Bless you and praying for safe journeys.

Hi you came to our school today, at Manjimup.

You guys did so well! and I know about 10 people off the top of my head that thought you were fantastic I think what you are doing is really great- telling people about Jesus in their schools even if you didn't get to actually talk about him, being at Christian I heard in the lyrics that you were glorifying Him. And I'm not the only one who noticed. My best friend isn't really open to 'religion' and has inadvertently sorta asked me not to witness to her... like she may ask a question here and there but she told me once that we'll never believe the same thing and that's just how it is. She still accepts and respects that I believe in God though. Anyway the only thing stopping her from buying one of your CDs today was that she wasn't expecting that there would be things for sale other than the sausage sizzle so she didn't bring enough money and neither did I. But I did hear her say to one of my other friends that she may try and get some music off your website. So maybe a door is opening. I didn't get to come to the youth group that you guys were at tonight because the church I go to also runs one but I'm sure it was sensational just like you were today. This may not make 100% sense but even if you just get the message that I really loved you guys today and that I say a BIG THANKYOU for coming today. It was almost surreal sitting in school listening to Christian musicians- not through my iPod. I will be buying some of your music  
Thanks **Jess**

Praise God for you guys for coming to Woodavle Baptist tonite!!! Your sermon was awesome!! It hit me so much and has drawn me to God. God bless

Hello Sandra

The glow of Friday's extra special event will remain with us as a school for a long time, and with individual students, probably a lifetime. I cannot speak highly enough!!!! What beautiful people, with obvious love for God, for others and such a professional presentation. They are just wonderful and I am delighted we had the privilege of hosting them. I have been at Peace Lutheran College for seven years now (and relief teaching for 11 years before coming full time) and this was the best day I have ever known at Peace. The students just couldn't get enough and they have been touched and inspired.

What a lot of love and joy was passed to us from your lovely group.

Thank you so much for all your organising.

Dear Sandra

What a privilege it was for us to host your faith-filled *Endless Praise* company. They shared their enthusiasm, faith and lives with students and staff who were caught up in the joy that emanated from their music and drama.

We wish the team well in their next venture northwards and ask the blessings of the Lord to accompany them and to keep them safe. Best wishes.

Hi Everyone in Endless Praise,

We would like to thank your guys so much for coming and sharing your ministry with us. There have been so many who have been blessed by your visit and they've also said how much they enjoyed your ministry. Thank you all so much for your time and efforts in preparing for these times of ministry and we (the leadership of NSFC) pray that God's richest blessings be upon you in His work for Him. Thank you so much.

On another note could you please let us know or keep us informed of the next time you are scheduled to be in

Tasmania and Hobart as we would love the opportunity to have you all again if we can work it.  
Thanks again and blessings, in His name.

Thanks so much for the ministry of Endless Praise at Liberty Family Church, Healesville, on the 2nd of November. Unfortunately, I was unable to be there personally due to a birthday surprise by my wife, but I received great reports from the leaders and members of our church. Not only was the musical ministry a real blessing but everyone who hosted the team commented on their great attitudes and genuine Christian character all round. So, thank you again and may God continue to bless your ministry and may you continue to be a blessing for Him. In Jesus love.

I would just like to say a big thank you to the whole team at Endless Praise for coming to Riverland Assembly on Saturday Night and doing such a great job of not only entertaining the kids, but bringing the presence of God and sharing your hearts!!! We appreciate and luv u guys God Bless

**Kez and the SALT team!**

We have been so blessed by the visit of Endless Praise to Tumby Bay on Sunday 29th of June. Our church was full, and a number of people came from the other denominations of the area. EP provided worship, testimonies, a children's talk and a message. The two afternoon workshops were well attended and people appreciated the interaction and practical information offered. The excitement of the team, their openness to expressing their faith, their adaptability to our situation and their commitment to Jesus all overflowed into us and encouraged us to also explore new ways of expressing our faith and joy in Jesus. Please convey our heartfelt thanks to the whole team for how they have contributed to us and God's Kingdom. Also, put us on your mailing list, so that we can be more specific as we pray for the ongoing ministry of 'Endless Praise'. AND – consider contacting us if/when EP will be touring in South Australia, It would be great for EP to be involved in our school program as well as the churches if they come back to Tumby Bay. Blessings,

**Graham Ingram Tumby Bay and Districts Uniting Churches**

They are an awesome group with such a clear passion for God and reaching his people. It was really exciting for me to see such a great bunch of young people demonstrate such passion, even in their daily lives. While each person was different and brought individuality to the group, they each supported and built upon each other. I not only loved listening to them sing but also interact with others, both in and out of the group. They laughed and listened and just took the time to get to know the lives of the people around them. They are a very real bunch of people. May God really bless the ministry you are involved in. The people you touch are from all walks of life. From encouraging the many saved young Christians not living out their faith, to being a witness to those that don't yet know what it feels like to be a part of Christ's family. I was really blessed to have them come into my life, even though it was only a short period of time. I truly hope to see them again soon!" -

EP's singing and musicality was second to none! They are a non-demanding group to work with and that makes having EP a pleasant experience. I have no hesitation in recommending their Christianity or their Gifting to anyone. I only hope they will call for public indication by persons making the decision to receive Jesus Christ or rededication at the end of their fantastic program". - Rev J. T. EP would be the most professional Christian group that I have personally seen perform live in a local church situation. Some Christians balk at the term 'professional' but I believe God is bringing forward His people who can show the world just what Godly excellence can do! These are some of His people. To those who would consider having EP as part of an event at their church – go ahead, advertise and invite, you will not be disappointed. Jesus will be glorified".

**Christian Outreach Centre, North Shore, NEW ZEALAND**

I wanted to lend support to EP and to tell them that they swung me from Christian to CHRISTIAN! You performed at the Camberwell Civic Centre in Melbourne last year and I was inspired. I didn't know cool Christians existed. Awesome voices! I have been born again on and off but you switched me ON and I never want to be off again. I thank you and keep up the good work. Yahshua wrap you in his love.

Hi Sandra,

The evening was a great night! The team did such a great job. I was very impressed with their maturity and sensitivity, as well as their obvious talent and team synergy. They came wanting to work with us in what we were trying to do with our congregation at this time. Their presentation was enthusiastic and genuine. I admired the way they let their personalities shine through without taking the spotlight, as the focus was definitely on their Lord, Jesus. Their willingness to mix and talk with people afterwards really added to their ministry. In short, I was very, very pleased! I look forward to continuing a partnership with you in ministry at another time.

**Warm regards, Steve**

Hello :)

My name is Sammiee, and i go to Emmanuel college. I was one of the grade 8's who was there for your concert..performance thingy :D I just wanna say, you did really really well and it was an amazing performance

It truly did inspire me to become a better christian, and to sacrifice myself 100% to Christianity. The lyrics were beautiful, and i could tell it had a deeper meaning! Thank-you so much EP, for a wonderful performance, and a wonderful band

**Sammie xxx**

The visit by EP to the South Coast Christian College, on March 7th, was a huge success, and has been talked about ever since. The performance was excellent, and the rapport of the band with both students and staff was fantastic. I would like to thank the whole band - Nelson, Chantal, La-Dean, Cassie, Rom, Daniyel and Jonathan, for a brilliant day, and pray for God's blessings for the rest of the trip.

I would like to thank you for travelling down to our school to perform a concert and music workshop. The music workshop engaged students well and it was evident that they were very pleased with being able to put together a song together within the short space of time. As a positive feedback, students want to buy your CD. One student told me that they wanted to turn back to God following your concert and many others were amazed a Christian group could sound so good!

"It has been an absolute honour to support EP. They brought an excitement and commitment to our School and to our students. EP can offer your organization a powerful and relevant message, together with quality Christian talent. We can highly recommend EP as it continues to take Jesus to all parts of the world, breaking cultural barriers and beliefs. Well done EP".

**Barry Southwell - Head of Junior School Oxford Falls Grammar School**

"The EP group has performed at this school on a number of occasions. At the recent school performance before over five hundred students their confident clear singing and appealing message was very evident. The students found the program to be lively, spiritually challenging and much appreciated. I have no hesitation in recommending EP to you if you are looking for a professional quality, Christ centred and challenging performance".

**Principal, Sydney Adventist College, Strathfield, NSW**

"Our students at Willetton Senior High were wrapped with EP. It is not at all easy to perform outside in the quadrangle with students all around and get their attention, let alone get their undivided attention followed by loud applause and unwillingness to move off to class after EP had performed. They were outstanding! The blend of EP's voices was simply stunning! Our students are used to having bands perform, but they let us know that EP had been an exception and were truly great. Whatever it was really hit the spot for them. Again thank you so much and all the very best in your future ministry".
